

If you go left, the route twists and turns along the boardwalks taking you through the woods over areas of wetland and streams. As you approach the edge of the woods take the right hand fork where a gate out of the woods is in sight. Go through the gate and along boardwalks across the meadow until you reach a grass path. Turn left.

If you go right when you enter the woods, the boardwalks twist and turn alongside streams and the River Avon. As you leave the woods the grass path veers left and the boardwalk from the other route out of the woods is on your left. Take gate ahead.

- 7 Continue straight up a slight hill across the field until you reach another gate leading to steps down to the towpath by the Kennet and Avon Canal.

- 8 Turn left along the towpath until you reach a canal bridge (No 113)

- 9 At this point you have two choices.

Either go **LEFT** and down the track where you cross over the River Avon and past the entrance to Jones's Mill. You can then retrace your steps back to the village centre.

Alternatively you can continue under the bridge along the towpath to Pewsey Wharf.

10. To get back to Pewsey village, walk through the wharf car park to the road. Turn left and follow the signs for the King Alfred Trail back to the village centre.

DIRECTIONS

- 1 From Bouverie Hall Car Park (free) walk downhill along Goddard Road to the T junction with North Street. Turn left along North Street to the mini roundabout.
- 2 Turn right onto Broomcroft Road, up the hill on Broomcroft Road until you reach a gate on the left hand side approx ¼ mile.
- 3 Go through this gate into Broomcroft Park. Keep to the right straight through the park to the next gate at the railway. Cross the railway track (BEWARE) and continue straight ahead following the track through the field to a group of houses (Knowle).
- 4 Follow the road past houses to the end where a footpath is on the left (can be muddy).
- 5 After approx 100 yards you reach some steps up a bank on the right. Go up steps and through the kissing gate into Jones's Mill. Please note there is no actual Public Right of Way through Jones's Mill but of course everyone is welcome to enjoy the reserve. It is best to stick to the boardwalks through the wetlands. Paths through the rest of the reserve can also be muddy and uneven. Please keep dogs on a lead.
- 6 Go straight across the open field towards a gateway. Once through the gateway the path veers left down towards a wooded area and a metal kissing gate. Enter the woods through the kissing gate, down steps to the boardwalks. At this point you can go either left or right as both paths meet in the meadow beyond the woods.
